# How to achieve Chartered Status

# Management Entry Route (MER)

- The Management Entry Route (MER) is for experienced procurement professionals, with at least 5 years' experience at a senior strategic level\*. This 'practical pathway' will guide you to MCIPS accreditation, without going down the traditional study and exam route.
- The MER process will assess your knowledge acquired throughout your career, along with supporting evidence, to see if you're suitable to start the journey to MCIPS accreditation. We'll then guide you along a practical pathway to success.

*\*applications are also accepted from professionals with the relevant experience who are currently between roles.*
